SPRING 2025

Throughout the spring and summer the Admission Team will work with all newly enrolled students in the Class of 2029 as you prepare for the fall. Onboarding events will include course registration meetings with our freshman school counselor, new student and family orientation, placement exams, and other on campus events.

Why Visit Notre Dame?

A visit to Notre Dame is a great start to helping you decide if you can see yourself as a student here. We recently completed a multi-million dollar renovation to our building, and there is nothing that we enjoy more than showing it off. With each different visit, we are sure you will learn something new about ND!

Our student interns are available all summer to provide tours of the school. Seeing the school through the eyes of one of our students is a great way to start to imagine yourself as a Notre Dame student.

Come back in the fall for a Student Visit Day and Parent Information Session. Meet students and teachers, and see what happens inside the classroom.

Attend one of our Admission and Financial Aid Information Sessions to get admission tips and information about the process of applying for financial aid.

Mark your calendar for the Fall Open House on Sunday, October 20, 2024. The entire Notre Dame community will be out in force to answer your questions and share what makes this community so special.

We are always here to offer assistance!
